

# ARSAT WEB DEVELOPMENT INTRODUCTORY PACKAGE

In honor of our grand opening, Arsat Web Development (<http://www.arsatweb.com>) is offering our basic web package of six pages for an unbelievable price of \$250\*! Not only do you get a website for a great price, but we've also decided to lower our prices for our initial entry into the business world!

In these days, with each successive generation becoming more and more tech-savvy, it is important to have an on line presence. Certainly, you can advertise in the yellow pages and in news papers, but wouldn't you like to feel the satisfaction that comes from typing your company's name into Google or Yahoo and having your very own web page appear? Think about how many people actually use the Internet every day! The chances for growth are enormous, and your business could have a real opportunity to open some doors!

Our \$250 introductory package includes\*:

- Free one hour consultation\*\*
- Six web pages (i.e., "Home", "About Us", etc. etc. - it's up to you!)
- Halved rates on additional work\*\*\*
- Six hours of additional changes after the web site's completion, double our standard of one half-hour per page.\*\*\*\*
- All the standard items that come with our pages.

For more details, visit <http://www.arsatweb.com>.

To arrange for your free consultation to see if a web page is right for you, email our webmaster at [webmaster@arsatweb.com](mailto:webmaster@arsatweb.com).

You can also fax us at 1 - 801 - 640 - 5292

\* Introductory package does not include web hosting services. We provide these services for a monthly fee through <http://www.hostmonster.com>.

\*\* Free one hour does not include the initial consultation, which is always free.

\*\*\* Halved rates are for up to ten (10) hours of additional work, accumulative. i.e. Five hours of web design and five hours of graphic design, six hours of consultation, two hours of web design, and two hours of graphic design, etc. (Including custom graphics, templates, programming). This means that for web design, instead of paying \$30 per hour if you go beyond your limit of six pages, you only pay \$15. On graphic design instead of paying \$20 per hour, you pay \$10.

\*\*\*\*"Additional" changes are defined in our standard contract, and does not cover redesign of current site or rewriting of large sections of code. Additional changes include minor changes to the pages.
